RE: PETITION TO REVIVE
US PATENT 6059140

Glenda Hinton,

We are requesting a petition to revise our **US Patent #6059140**. This morning you told me to write this letter and tell you why we want this patent revised. Basically, I feel that miscommunication was the factor that led to this petition. To simplify matters, this is what happened:

1. I sent a check on 4-20-04 to the patent office to renew our patent.
2. On April 30, 2004, you called and spoke to me regarding the patent number. You advised me that the patent & serial numbers were not on the check I thought that I had given you the patent number over the phone.
3. On May 12, 2004, we received a letter stating our patent had been cancelled.
4. When I called this morning (5-19-04), you told me you had left a message on someone's voice mail that you needed the serial number. However, no one in our offices received this voice mail.

It concerns me that even though we tried to get this matter resolved, we are now being told we owe not only the fee, but also another \$1,640. I would appreciate if I could get a breakdown of what the additional money is billed for to attach to my records.

Please let me know as soon as the patent has been revised. Also, could I please get something in writing for my permanent records? (I still do not know the serial number).

Thanks for your help in this matter.

Sincerely,

Melissa Miller
